

Connecting & Securing your World 

About us

RAH Infotech was established in 2005 with a focus on providing state-of-the-art technology solutions in association with Global IT leaders. In over a decade of its operations, RAH Infotech has been consistently providing world class IT solutions to a large number of channel partners and corporates in India and SAARC countries. Headquartered in Gurgaon, RAH Infotech has presence across the country with International presence in Netherlands, Singapore, UAE, UK and USA.

Today, RAH Infotech is the fastest growing value added distributor in India possessing over a decade of expertise in providing information management solutions to a large number of customers across the country through our channel partners at the most compelling price points. We are committed to adding value to both our partners and customers and boast of a strong channel base of over 475 VARs and system integrators and over 1000 large and small enterprises as our customers.

RAH Infotech’s broad portfolio provides wide range of comprehensive information management solutions including:

-  Information Security
-  Networking/Wireless/WiFi
-  Backup/Disaster Recovery/Daas
-  Cloud Computing/Virtualization

RAH Infotech also provides holistic technology consulting services in the areas of networking, security solutions, data centers and wireless communications.
